From the President

Well, it's June and already it seems summer is flying by too fast. The Evansville Downtown Fridays on the Walkway have been great. TSCC did the registration on June 6th at the walkway and will be doing it again June 16th. If anyone in the club would like to help with this program for about 1 ½ hours please let me know. Mike Hudson and Bob Scales were generous to help on registration last Friday.

What can I say about the Branson Trip, fun, fun & more fun. Do believe this was one of the most enjoyable trips the club has done in a long time. It took us about ten hours to make the trip down to Branson because of all the stops (one being the Pro-Bass Shop in Springfield). When we arrived we checked in at the Hotel and headed "you know it" to the nearest restaurant for some good nourishment. The number of good shows and just wonderful entertainment in this town is so great we all decided to break up into groups of two & threes. This would make it easier to get into shows and other things to do. It was so hard to make a decision on the direction to start. The Hotel was a big help in that field. They had a good city map of the streets as well as all the shows and other activities going on in the city. I do feel most of the club didn't want to go home with all this town has to offer. Marylin said she for one would like to stay for a couple more days. This was to be the sentiment of the rest of the members as well! Karen & Brian Stewart joined in on the trip from Springfield. They went with the late night crew who were only seen for a short glimpse one time. Ha. Mike Hudson would lead the trip home. This would take us home on a new route through Cape Girardeau. The restaurant Mike had in mind for our lunch was the Buckners on the River with Super food and service, THANKS MIKE! We as a club need to do this club run again. We would like to thank all TSCC Members who could and did make this fun run.

Bob Bean

Something to think about

Life is not measured by the number of breaths we take, but by the moments that take our breath away. Enjoy the simple things, life is so very short.

Hood Pads

As most of you know Dave Burkes has done some wonderful paint work on a lot of our Corvette hood pads. Dave is leaving Evansville and moving to Ashland, KY. at the end of June. He has asked me to let all of you know in this short time left if you would like to have your hood pad painted he will give anyone a good cost break. Dave is doing a pad for Charlie Wright at this time, Is it going to be BAD to the Bone. If you want your hood pad done, here is Dave Burkes phone number 812-760-9999.

A Deepened Friendship

While in Branson, Dave Mills had some Corvette alternator troubles on his 88 Vette. If you have ever been on a cruise or road trip when Denny Gries is with the group, you know your troubles are over. When Dave Mills said he was having troubles here came Denny to the rescue. Dave & Denny went looking for parts at the O'Reilleys. If you know Denny as some of the rest of us you do know Denny goes the extra mile to be of help. When you see Dave Mills, ask Dave to tell you the story about how a good Corvette Club Member "Denny Gries" saved the day! Only Dave can tell the story the way it should be told. From Dave Mills, Thank you Denny for all your kind help.

TSCC, JUNE CORVETTE MEMBER OF THE MONTH:

This young man Bob Scales is one of the nicest individuals I have ever met. Having said that, here is a little about Bob and his likes.

Bob is currently attending Murray State University and is seeking a Master of Science in Organizational Communication. When Bob is not studying he enjoys playing golf and attending St. Louis Cardinal Baseball Games. Bob also spends a lot of time with the two people most important in his life, his parents, Bob & Debbie Scales. I have had the pleasure of meeting Bobs parents and can see why he feels the way he does about them.

As you know Bob is the proud owner of the slickest 1998 ARTIC WHITE Corvette Coupes you're likely to see. He has made a lot of modifications to this coupe including Black Wing air intake, B & B Bullet exhaust system, under hood chrome from Advanced Plating and CEC.com with engine covers from Kewl just to name a few. Bob also enjoys attending Local Car Shows as well as events in Bowling Green, KY.

Bob, it is so good to have you as a TSCC Member.
