## From the President

I would like to take this time to personally thank our Corvette Club members who took the time and expense to make this memorable North West vacation trip we just experienced. I had just told someone in the club I had made this trip some seven times that is not true. After looking back I seem to only count five North West events. Reason I say this is because I'm only wishing I had been seven times.

*This is my summation of this wonderful trip:*

If only everyone could at some time in your life go see the **majestic beauty** of this incredible North West Country of ours. Each time I drive thru this wonderful land of the North West, a great part of me seems to stay as I return home. Words can't explain what happens to ones inner self as you look at scenes so beautiful you lose your breath, "I don't say this lightly!"

When the day comes that I must take my last breath, I would like it to be in a spot in Yellowstone Park where a flowing stream of water makes a turn around a small piece of land laying to the inside, just large enough for a small cabin. There I could depart this World in peace. Each time I depart the great Bear Tooth Pass "I wonder" just why am I leaving this beautiful place! As our Corvettes pulled away I couldn't help but looking in my rear view mirror with a hurting in my heart and a small tear in my eye! Knowing I'm beginning to see the autumn of my life, I ask our Lord, if only I may be granted one more journey to this GODLY land we call The Great North West, and may I please do it in a Corvette!
